### **Discussion Items:**

The focus of the meeting was to discuss the 2025-2026 budget. The discussion was on how all of the money could be spent. Some of the discussion was about our behavior tech and her importance, money shifting around so we can keep our librarian and the technology that we need to keep the school running smoothly. The goal of Crimson View is to purchase a certain amount of Chromebooks each year to be able to replace the old ones that are not working as well. This is to prevent the school from having to make an extremely large purchase one year of Chromebooks.

The budget was approved by Josh Coffin, and the second was by Marth Baker.

**Meeting adjourned: 4:45 pm**
